

Rules for the new locomotive haulage competition are:

Locomotives must be:

- 0-6-0 steam tank or diesel locomotives.
- Not fitted with traction tyres. 4mm scale running on 16.5mm (OO) gauge track.
- Analogue DC or DCC.
- If DCC, must be set to address code 3.

Competitors will:

- Be given a marker flag on which they will place their initials plus DC or DCC on one side and the loco number on the other.
- Be allowed four runs, two forward and two reverse, per attempt, starting at the bottom each time.
- Be allowed as many attempts as they like on Saturday subject to availability.

The winners:

- Will be the loco which pushes the BRMA wagon furthest up the incline.
- There will be separate prizes for analogue DC and DCC.

The entry form is available on the BRMA Website
